

UP Building Products

If you are working in the trade or construction industry, UP Building Products are the builders merchants you need to get the job done. Use our trustworthy and reputable UPVC products to fix or build that roofline and cladding system.

We supply a large range of building materials from market leading brands, which are always of the highest quality, and we are the largest fibre cement cladding suppliers to UK housebuilders.

Our service goes beyond supplying materials, with our team of expert advisors helping you with estimations and quotations, site measuring and site management, on-site training for fitting, and we even offer a take off service.

With our early opening times and professional team on hand, you'll receive helpful advice and top customer service at our branches in Newmarket, Ipswich, Maidenhead and Enfield.

Made from advanced material fibre cement, James Hardie cladding is an engineered cellulose-fibre and cement composite that offers the ultimate in fire protection, moisture, rot, and pest resistance. These products are quick and easy to install and are available with complementary tooling and accessories to provide the perfect finish.

As a brand built around enabling great design, James Hardie invests considerable time in continually developing the ColourPlus™ Technology range.

The premium façades come pre-finished in an artful array of durable, fade resistant colours, perfect for both contemporary and traditional designs.

Visit our James Hardie showrooms at Newmarket, Ipswich, Maidenhead and Enfield branches.

21 colours are available in 2 textures, smooth and cedar.

 Fresh Collection	 Mountain Sage	 Heathered Moss	 Soft Green	 Woodland Cream	

Hardie® VL Plank

Hardie® VL Plank cladding is an easy to fit interlock weatherboard and ushers in a new era of contemporary exterior solutions. Its chic, distinctive design and timeless flat finish epitomises modern, durable beauty, perfect for both horizontal and vertical installation.

Available in natural cedar texture, Hardie® VL Plank cladding comes in a palette of clean, fresh colours from graphical monochrome and pastels to muted greys.

Tools & Accessories

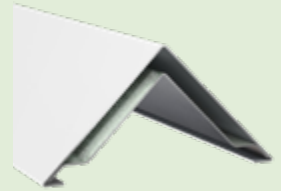

EPDM Tape

To cover the vertical joints between planks and between planks and trims/windows/doors. Lengths of 20m in 60mm and 100mm widths.

MetalTrim Profiles

For internal and external corners. Length 3000mm.

Hardie™ Guillotine Cutting Tool

Use as the preferred cutting method.

Hardie™ Saw Blade

Can also be used as the preferred cutting method. A diamond tipped saw blade producing low levels of dust. Available in 160mm, 190mm, 254mm or 305mm diameters.

Hardie™ Seal Edge Coating

To touch-up cut edges and small damages. 1 litre cans.

Gecko Gauge

Gauges and supports cladding for one person installation.

Swish Building Products

Swish Building Products is one of the market leaders and best known UK manufacturers of roofline products. We stock a large range of the fully integrated cellular PVC roof line product that include ventilated systems to meet the requirements of the Building Regulations.

Lindab Rainline is the roof drainage system that offers the highest quality when it comes to combining durability, flexibility and ease of installation. The Lindab Rainline system is available in ten different colours. All are weatherproofed with extra durable high-build polyester paint, with an attractive, elegant finish. Lindab Rainline High-Build Polyester coated products come with a 15 year warranty.

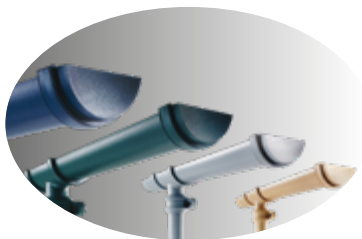

In addition to the coated materials there is also copper and magestic galvanised. Copper is excluded from the 15 year warranty, but Magestic is accompanied with a 10 year warranty and offers the highest surface protection of any metallic coated steel.

Lindab offer a wide range of components to ensure a solution can be provided for every system requirement, including rectangular profile gutters, vandal reinforced pipes, and an extensive range of brackets.

The Cascade range has been sympathetically designed with full consideration to original features, dimensions and detailing to provide heritage style without compromising the architectural integrity of traditionally designed building and renovation projects. In addition to Classic Black, Cascade is available in a choice of heritage colours, Chartwell Green, Anthracite Grey, Oxford Blue, Olive Green, Graphite Grey, Sandstone and Porcelain White.

Composite Decking by

CLADCO
 PROFILES

Cladco decking is made to the highest quality and are designed to be a low maintenance, durable alternative to wood. There's no need to worry about regular upkeep, you can just enjoy your garden year after year.

Benefits

- Lightweight and cost effective alternative to traditional decking.
- Durable and water-resistant decking means there's no need for varnishing or sealing.
- Anti UV agent helps the boards to resist colour fade.
- Designed to suit all styles of gardens, no matter the size.
- The narrow grooves lower the risk of slipping when compared to timber.
- Made from 100% recycled materials, 60% ethically sourced recycled hardwood fibres, and 40% recycled plastic.
- Suitable for commercial and domestic projects.

...and we deliver!

Of course, you can come and collect your orders at any of our branches located in Newmarket, Ipswich, Maidenhead or Enfield, but we also have a fleet of trucks that can deliver locally to your depot or site.

Contact your local branch to find out more.

See back cover for details.
